

# audit Control

## Audit Prep Services

- Organize Financial Data
- Reconcile Outstanding Data
- Distribute High Quality Reports
- Reconcile Assets and Accounts

## Stress Free Audits

Take away the stress an audit can cause by relying on an accounting expert to help you prepare. Our professionals will help you organize your financial data and reconcile detail to general ledger account totals, tie out accounts, check for outstanding data, reconcile assets, and more.

Additionally, you'll receive high-quality reports that will help answer any questions the auditors may have about your finances.

Aside from finances, you'll receive assistance tracking fixed assets, employee PTO, and categorizing any generic expenses.
